

Muna Soltan, D.D.S., F.A.G.D.

Muna Soltan, D.D.S. has published extensively in dental literature. She is a national and international lecturer on topic relating to balloon membrane antral elevation, implants, bone grafts and bone marrow aspiration-stem cell grafts.

Dr. Soltan's interest and pioneering work is obtaining stem cells from bone marrow aspiration as an adjunct to bone grafts.

Dr. Soltan is dedicated to providing quality dentistry and has a passion for dental implantology.

She received her Doctor of Dental Surgery degree in 1994 from Loma Linda University, School of Dentistry and maintains a private practice in Riverside California.

She is a diplomate, and a fellow of the International congress of Oral Implantology and a Fellow of the Academy of General Dentistry. Dr. Muna Soltan is a member of the Academy of Osseointegration and the International Congress of Oral Implantology. She continues pioneering work in stem cells applications for bone grafting.
